

Don and Norine Lowry Awards for Women of Excellence

The applications deadline for Edmonton Community Foundation's Don and Norine Lowry Awards for Women of Excellence is May 31, and we would like to request your help in spreading the word to potential applicants.

The awards provide assistance to women of all ages in pursuit of their goals in the fields of water, power, finance, energy, accounting, healthcare, safety and/or community relations.

Priority is given to students experiencing financial need; are able to demonstrate a history of community leadership or volunteerism; and who can show that they have selected a program that will lead to establishing their excellence as a leader in their chosen field in Edmonton.

High academic achievement is not a factor. More information about the awards and the application process can be found here: <http://ecf.getopenfield.com/lowry-awards-women-excellence/>

I hope you will help us ensure potential applicants are aware of these awards. You can help us provide student assistance by:

- forwarding this email to individuals you think may apply or to others who may know such students;
- including information about these awards in newsletters and on social media;
- including a link to our website (<http://www.ecfoundation.org/grants/student-awards/>) on your website(s);
- informing us of other organizations or individuals I should contact about these award programs.

I'd also be happy to speak with you or potential applicants to answer questions about the program.

Thanks for your assistance.

Anna Opryshko MLIS
