

Holy Trinity Terry Fox Run Information for 2020

Due to COVID restrictions, the Holy Trinity Terry Fox Run this year will have a totally different look. We will continue to fundraise but the activity itself will not be a whole school activity. As this is the 40th anniversary of Terry's Marathon of Hope, we are making the best of a very worthy cause. Here are the details and we thank our Holy Trinity School Family in advance for your support of this outstanding event!

What:

We will be walking with our classes for overall health and wellness, and to continue with traditions we have always supported, as we try to encourage a near normal school setting.

Where:

Classes may walk around our school field and around Percy Page which amounts to 4 km (30 minutes)

When:

Anytime between October 5-9. Please adhere to AHS social distancing protocol by reminding students to maintain 6ft/2m (hockey stick) distance. If this is not possible due to group dynamics, classes will need to wear masks.

Why:

Even though this event will have less school cohesion, we are still trying to raise awareness and money for cancer research. We ask that you please publicize this with your students and encourage them to donate using the website below.

How: (This is the BIG one!)

The Holy Trinity family can go to the following site to donate. We will not be accepting any cheques or cash this year so all donations will have to be online. The good news is that nobody has to collect any money. Please post this link with a brief description on your Google Classrooms:
