

HOLY TRINITY CATHOLIC HIGH SCHOOL

Good afternoon,

A point of clarification around our school start-up - **ALL** students will be returning to school this week, on the staggered entry days - both the in-class students and the online students are to be ready to attend classes. We are sorry about any confusion that may have occurred around our staggered entry plan for our students.

3 credit, day 1 courses will run for the first 20 days of the quarter, day 2 classes will run for the last 20 days of the quarter. Please see the school calendar for dates.

All students please check your timetables/schedules on PowerSchool prior to tomorrow, as the school needed to make adjustments due to class sizes.

In school students, please ensure that you have completed the AHS Covid 19 daily self check list prior to entering the building. Please also check the attached documents for your assigned entry doors.

Online students must login into Microsoft teams with their camera on for attendance at the beginning of each scheduled class.

Please use this link for more information how to access online instructions -
> <https://sites.google.com/edu.eesd.net/cmtech-gsuite/home/remote-learning> , please see the attached documents for further information on on-line learning.

For new students to the district, your login ID is your ECS# from your ID card (ie. 1234567@school.eesd.net) and your temporary password is your home telephone number with a t before it (for example t1234567890).

If you require any assistance with logging in, please contact your teacher or the school.

In school students will receive their textbooks during normal class times. Lifetouch will be here during school hours on these days for the students who missed the registration days; September 2, 4, & 9.

On-line students will receive their textbooks on Wednesday, September 9th starting at 8:30 am. You are required to have an ID card before signing out the textbooks. For those students who were unable to attend in school registration, Lifetouch will be here to take their photo and provide the ID cards.
